

DAILY NEVADA STATE JOURNAL.

VOL. XXXIII.

RENO, WASHOE COUNTY, NEVADA, FRIDAY MORNING MAY 30, 1890.

NO. 61.

DECORATION DAY PROGRAMME.

The column will be arranged in the following order:

Hasting's Cornet Band,
Marshal and Aides,
Brigadier-General and Staff,
Grand Army of the Republic,
University Cadets (as escort),
Company O, N. N. G.,
Patriarchs Militant,
Truckee Lodge, I. O. O. F.,
Reno Lodge, I. O. O. F.,
Knights of Pythias,
Citizens on foot,
Reno Public Schools,
University Students,
School for Girls,
President, Orator, Poet and Chaplain in

Woman's Relief Corps in carriages,
Reno Hose Companies,
University faculty in carriages,
Superintendent and teachers of Public
Schools in carriages,
Rector and teachers of School for Girls in
carriages,
Memorial Day Choir,
Citizens in carriages,
Mounted citizens.

The parade will be formed on Virginia
street at 11 A. M., with the line facing
west and the right resting in front of the
Riverside hotel.

As soon as the line is formed it will be
wheeled by fours to the right and will pro-
ceed as follows: North on Virginia street
to Commercial Row, changing direction to
the left; west on Commercial Row to Sierra
street, changing direction to the right;
north on Sierra street to the cemetery.

Upon arrival at the cemetery ranks will
be broken after the line is formed, and the
arms stacked at the command of the
Marshal. Sentinels will be placed over
the stacks and the colors will be rolled up
and placed on the center stacks.

After breaking ranks the several organ-
izations will proceed to the vicinity of the
graves, where the following programme will
be rendered:

Sacred music by the band.
Remarks by the President of the Day.
Singing by the choir.
Ceremony by the G. A. R.
General benediction by the G. A. R.
chaplain.

Decorating of graves.
After decorating the graves the assembly
will be sounded and the line will be formed
in exactly the same position that it occu-
pied before breaking ranks. The military
companies will take arms at the command
of the Marshal. The column will be
formed by wheeling by fours to the right
and changing direction to the left twice,
thus heading the column of the eastern exit.
The arms will be reversed shortly before
entering the cemetery, and kept so until
the halt.

When the arms are reversed, the band
will play the "Dead March" till the halt.
After leaving the first cemetery the col-
umn will proceed by the shortest route to
the Masonic cemetery.

Ranks will be broken here as before,
and the graves will be decorated while the
band plays, followed by singing by the
choir.

The line will then be formed at the
assembly call, and will be marched to the
plaza in front of the Opera House, and,
after breaking ranks there, the following
exercises will be rendered in the Opera
House at 2 o'clock P. M.

Music by the band.
Reading of poem.
Song by choir.
Oration.
Music by the band.
Song, "America," by the assemblage.
Benediction.

This will close the exercises for the day.
By order of the President of the Day.

A. C. DUOAT, JR.,
Marshal.

A Golden Flood.

The Enterprise exclaims:
In the Carson, Truckee, Humboldt and
Walker rivers, and in the smaller streams
of the State, over 500,000 inches of water
are now going to waste for want of storage
reservoirs. These streams of water flow-
ing away to be long in the sands of the
deserts or in the thirty air are all like so
many streams of gold passing away from
our grasp. Many huge basins in all parts
of the country, from the mountain heights
to the lowermost valleys, might now be
filled if we had them ready. This year
shows us what Nature is still able and will-
ing to do for us, but to benefit by her
bounty we must do something for ourselves.

Attention, G. A. R.

The members of General O. M. Mitchell
Post, No. 69, G. A. R., will meet at the
Masonic Hall on Friday, May 30th, at 10
A. M., for the purpose of taking part in
Memorial Day exercises. A full attend-
ance is desired: WILLIAM LUCAS,
Post Commander.

W. L. BRECHTEL, Adjutant.

R. R. Bigelow.

The Austin Beville, of the 23d, remarks:
The article in this issue in favor of R. R.
Bigelow for the vacant judgeship, written
by one of our leading men, has added sig-
nificance and weight in the fact that its
writer is affiliated with the Democratic
party, Judge Bigelow being a Republican.
We honestly believe that Judge Bigelow is
the choice of the best part of the people.
We cannot speak for the corporations.

The Free Lance says:

Hon. R. R. Bigelow seems to be the
most popular candidate—and we think de-
servedly so—for the place made vacant by
the death of Judge Sabin. The JOURNAL
says he will always be able to keep sober,
and this fact alone ought to put him far
ahead of most of the drunken debauchees
that have been mentioned for the position.

PROFESSIONAL CARDS.

BENJ. CURLER,
ATTORNEY-AT-LAW,

Office in First National Bank Building, Reno, Nev.
my26

G. E. HOLESWORTH,
ARCHITECT AND BUILDER.

Plans, Furnished, and Estimates Given.

FOR FINE

JOB WORK

Call at the Journal Office.

DAILY NEVADA STATE JOURNAL

C. C. POWNING, Editor and Proprietor

VINE CULTURE.

EDITOR JOURNAL: While this subject has attracted the attention of people of California for years, it is only of late that our people of Nevada have given the matter any attention. There are certain facts that have perhaps escaped the attention of most men, among them is this: That it requires a peculiar condition of soil, climate and location to produce vegetation of superior quality, and this applies to grapes especially. For we know that the finest wine grapes of France are confined to a very limited district, also as to the production of coffee. Genuine Mocha coffee can only be produced in a very limited district, while at other places as fine looking coffee is grown, but of little value. I know by observation that at the Sandwich Islands as fine appearing coffee can be grown as in the most favored countries, but it is completely worthless. It was tried by the first missionaries who went there, but was abandoned, and attention given entirely to sugar cane, which, as everyone knows, is a success. The same rule holds good as to all productiveness of the soil, and especially the Irish potato; and in speaking of that very useful bulb, some writers upon the subject assert that the natural home of the Irish potato is in the foothills, upon elevated bench or table lands, where it is sheltered from the prevailing winds and storms. We know that the best ever grown in this State were from just such localities, and the best fruit ever produced in the State was grown in similar places. Is it not reasonable to suppose that the same rule will apply to grapes? We know that the finest wine produced in other countries is from grapes grown upon land that at one time was considered worthless, and almost by accident was found to be peculiarly adapted to producing a superior wine grape. I believe there are thousands of acres of land in our low hills about Reno, and especially those composed of volcanic matter, that are peculiarly adapted to the vine, care being taken in the selection as to exposure, altitude, soil, etc. At a certain elevation we are less liable to frost, both in the Spring and Fall, to wit: In the warm belts surrounding all the valleys of our State. I saw recently an article written by some traveler stating that the nobles or titled families of other countries were allying themselves by marriage with families who produce wine. Whether it is because it is a noble calling or that the vine grower has unlimited cash, or that the Nobles' wine cellars are empty, the writer does not state. But let us grow vines and take the chance. Let us ask the State to encourage us in doing so by offering a royalty for the first acre of producing vines in the State, also for the first one (100) hundred gallons of marketable wine made in the State from grapes grown here. Once the land now of no value produces fine grapes, it will be worth more per acre than the best orange land of Los Angeles. Now is it not possible, and even quite probable, that in the near future, we may have right about us as fine vineyards as there are in California? Let us try. T. A. READ.

VETERANS OF THE CIVIL WAR.

As a part of the census of the people to be taken during the month of June special provision has been made by Congress for ascertaining the names of surviving soldiers, sailors and marines who were mustered into the service of the United States during the war of the rebellion, and of the widows of soldiers, sailors and marines who have died. In connection with this special census of veterans the organization or vessel in which they served, the term of service in each case, and present residence will be taken by the census enumerators. In the case of widows, information regarding the service of their deceased husbands is also required.

The importance of accurate statements concerning the military record of each participant in the late war should not be underestimated. It should be the duty, moreover, of every veteran soldier or sailor to see that the enumerator is placed in possession of the necessary information concerning his own service. If he can not be at home when the enumerator calls he should leave a proper memorandum in the hands of his wife or other member of his household, so that the work of the census may not be delayed, and also that there may be no doubt as to the accuracy of the statements concerning his service which may be given to the census enumerator. That there may be no question as to the points to be covered by this memorandum, it may be well to state that the special inquiries to be made concerning veterans of the civil war include the name, the company and the regiment or vessel in which they served, their late rank, the dates of enlistment and discharge, the length of service in years, months and days, and their present post-office address. Where a soldier or sailor re-enlisted or served in more than one organization or vessel, he should be very careful to give the term of service in each instance, and to cover each enlistment. In giving the organization care should be taken to distinguish the arm of the service, as infantry, cavalry artillery, etc., and if a person served under an assumed name his statement should be made to cover both the name under which he served and the true name by which he is now known.

Veterans of the war generally will recognize and appreciate the value of this special census to them, and they should aid the

census enumerators in getting true statements in every way possible. Without their co-operation correct results can not be reached. This personal appeal is made to them, therefore, in the hope that their attention may be specially directed to the importance of this work and the necessary information may be promptly supplied to the census enumerator when he calls some time during the month of June.

CIRCUMSPECTION NEEDED.

The Carson Tribune has this: There never was a time in the history of this State when more circumspection in the selection of officials was needed than at the present, for a political upheaval is imminent and none can predict the result. The true Republicans still hold their fealty to party, but in order to retain it must not be insulted by oblique management, and as there is much to be done in the way of economizing State expenses it will be necessary to elect capable, honest and independent men to the various State offices. The majority of the taxpayers demand and look for a Constitutional Convention so that the expenses of the State Government can be reduced and this without party distinction. A Legislature should be selected not only with a view to the election of a U. S. Senator, but capable of enacting salutary laws for the benefit of the whole State. It is a well-recognized fact that as a rule the Legislatures of Nevada have been laughing stock for the entire country; that to a great extent the Acts have certain coin or other interest in their carrying out and that men entirely incompetent, have been sent to the Legislative halls for the sole purpose of voting certain individuals into the U. S. Senate.

Already are the Democrats commencing to crow over what they imagine are indications of future party success and it will be well if the Republican party leaders take the hints here contained and give the sovereign people an opportunity of selecting their own officials. Prevention is better than a cure and it is well to prepare for any and all contingencies. During a long and wearying chain of events as slow as a way in the looking, upon near port they are hauled on deck and shrouded to the anchors. Let this simile answer for the present.

The sales of real property in Seattle since January 1, 1890, foot up \$9,000,000.

Another Prize Fight.

SAN FRANCISCO, May 29.—Billy McCarthy, an Australian, and Bob Fitzsimmons, of New Zealand, fought at the California Athletic Club to-night for a purse of \$1,250. It was Fitzsimmons' first appearance in this city in a finish fight.

Billy Murphy, of Australia, and Eddy Graney, of San Francisco, appeared in a four-round contest previous to the finish fight. Graney drew blood from Murphy's forehead in the first round. Each round brought forth a roar of applause, and when Referee Hogan awarded the fight to Graney on points, a tumult, which probably was never exceeded in the club rooms, followed. President Fuda finally announced that the Board of Directors would hold a special meeting to consider as to the award of the contest.

At 8:55 McCarthy and Fitzsimmons appeared in the ring. First—Fitzsimmons, who over-towered his opponent, guarded himself loosely, and allowed McCarthy to land his left inside his guard several times. He used his right freely, but fell short, while McCarthy planted some good left-handers in the big fellow's face.

Second—Both men did considerable fighting with the result that McCarthy received a lump over the left eye and became somewhat winded.

Third—Fitzsimmons' long reach was too much for Mo., whom he uppercut and countered with both hands. McCarthy was knocked down near the end of the round by several well-directed right-handers.

In the fourth round Fitzsimmons landed his right and left on his small but game opponent's head, and nearly knocked him out by free upper-cutting in McCarthy's mouth. McCarthy was knocked down again and at the end of the round he was unable to stop the big man's blows, who was winding himself by the force of his two-handed punches in McCarthy's mouth.

In the fifth two-handed body blows at close quarters, diversified by some long drives from the New Zealander, punished McCarthy badly, but he made a couple of good stops and the New Zealander seemed to be suffering at the end of the round.

In the sixth Fitzsimmons hammered McCarthy at long range, compelling the Australian to close and clinch. McCarthy twice tried the pivot blow and once landed fairly on the New Zealander's cheek, but the lanky antipodean refused to be daunted. Seventh—Fitzsimmons renewed his tactics of driving for McCarthy's head with both hands with quick succession. McCarthy was badly punished about the face, while Fitzsimmons had not a mark.

Eighth—McCarthy tried gamely to land on his tall opponent's neck, while the latter continued to drive his left into McCarthy's mouth, which was bleeding profusely, following it by right-handers on the ear.

Ninth—McCarthy succeeded in landing a sounding right-lander on Fitzsimmons' left ear, but paid for it in a shower of fierce punches, which left him battered, bleeding and groggy. He was twice knocked down and at the end of the round was unable to continue the fight, which was awarded to the New Zealander.

The latter made his opponent a present of \$100.

Found Guilty.

SALINAS, Cal., May 29.—Marcos Cesana was to-day found guilty of criminally assaulting 14-year-old Mary Diaz, at Monterey last January. Sentence will be pronounced Monday.

STEWART AND POWELL.

ANOTHER TILT IN THE HOUSE OVER PUBLIC BUILDING BILLS.

California Calls a State World's Fair Convention at San Francisco.

The Union Pacific on the Coast—Not Very Encouraging News.

Special to the JOURNAL.

SAN FRANCISCO, May 29.—Charles Francis Adams, President of the Union Pacific road, arrived to-day. He has been through Oregon and Washington in the interest of his road and is pleased with the traffic which has been developed in those States. His time while in Washington was largely occupied in looking after the proposed terminal at Olympia. Other Northern projects of the company were also given due attention. President Adams' trip is not supposed to have any special significance in connection with all the talk about an overland road, but his movements in Southern California, whether it is reported he will go, will be closely noted. He says that the Union Pacific certainly does not contemplate building in this direction now and that no bonus which could be offered would be any inducement. All that would be asked would be acceptable terminal facilities.

There was no intention he said of continuing the extension in Nevada further than Milford, where they are now building.

Senate.

Special to the JOURNAL.

WASHINGTON, May 29.—The Imported Liquor bill was taken up and Wilson offered a substitute for Gray's amendment providing that liquors transported into any State or Territory, for use, consumption, sale or storage, shall, on their arrival, be subject to the operation and effect of the laws of such State or Territory, and shall not be exempt therefrom by reason of their having been introduced in original packages. Wilson's substitute was adopted, 23 to 20. The bill then passed 34 to 10. The title was amended to read, "Bill to limit and effect the regulation of commerce between the several States and with foreign countries in certain cases."

The River and Harbor bill was received from the House and referred to the committee.

The Senate Finance Committee this afternoon decided to grant a hearing to representatives of importers Tuesday and the Democratic members will not formulate a bill, but will express their views on the report.

The Senate adjourned until Monday.

Stewart and Powell.

Special to the JOURNAL.

WASHINGTON, May 29.—Stewart rising to a question of personal privilege had read an article from a local paper containing a statement by Major Powell, Director of the Geological Survey, with reference to Stewart's recent resolution, in which Powell spoke of the movement as instigated by land sharks and speculators, for the purpose of "gobbling up irrigable lands and establishing a sort of hydraulic feudal system." Stewart said Powell had used over half of the appropriation in vast and expensive surveys of no practical use for the object in view. The Bureau of Geology and Mineralogy was nothing, Stewart said, but a mass of humbug and foolishness. Gorman defended Major Powell.

California to the Front.

Special to the JOURNAL.

SAN FRANCISCO, May 29.—At a meeting of the San Francisco Committee of the World's Fair Association to-day, it was decided to call a State Convention to meet in San Francisco, September 11th. The call will include as delegates the editor or proprietor of each daily or weekly newspaper in the State, the Mayor of each city, and the presiding officer of each municipal body, as well as delegates from viticultural, horticultural and other similar organizations.

A Lively Tilt.

Special to the JOURNAL.

WASHINGTON, May 29.—There was a lively tilt in the House to-day on the question of Public Building bills, caused by the announcement that two Republican bills would be called up and then one Democratic bill. Allen declared that the system was vicious and that politics should have nothing to do with the question. The committee finally rose. The agricultural bill was reported and the House adjourned until Monday.

Gold and Silver.

Special to the JOURNAL.

WASHINGTON, May 29.—Teller introduced a joint resolution to-day setting forth that it is the determined policy of the United States Government to use both gold and silver as full legal tender money under the ratio now existing in the United States, or which may hereafter be established by the United States, alone or acting in accord with other nations. It was laid on the table and ordered printed.

An Old Timer Gone.

Special to the JOURNAL.

NAPA, Cal., May 29.—General William Sidney Jacobs was found dead this morning in his chair. He was a native of New York aged 81 years, and came to California in '49. His death was the result of heart disease.

A Big Billiard Game.

Special to the JOURNAL.

SAN FRANCISCO, May 29.—Jacob Schaeffer defeated J. B. F. McCleary, of San Francisco, to-night in a match game straight billiard 3,000 points 1,000 per night for \$2,500 a side, Schaeffer discounting McCleary. Schaeffer won the bank and missed the first shot. McCleary then missed and Schaeffer made 4. McCleary followed with 2. Schaeffer missed again and McCleary made 13 points, leaving a hard shot for Schaeffer. The latter in a few shots got the balls on the rail and carried them around the table four times, stopping when he had made 1,000 points, leaving the balls together on the rail. The position of the balls was marked and Schaeffer will resume his play to-morrow night.

A Peoria Sensation.

Special to the JOURNAL.

PEORIA, May 29.—A sensation has been created here by the arrest of John Spellman, the oldest son of Edward Spellman, an Irish-American, who became widely known during the Cronin trial. During the past two months a series of burglaries have been committed in the city and the police have been absolutely unable to obtain a clue. Last night young Spellman was arrested in the act of working on a safe in a large wholesale house. He confessed he was the perpetrator of all the recent burglaries.

Eight Hours a Day.

Special to the JOURNAL.

SACRAMENTO, May 29.—The local federation trades organization has employed Bruner & Bruner to bring legal proceeding in the shape of a writ of mandate to compel the city trustees to work all men in the municipal employ eight hours. The federation trades rely upon Article XX, Section 17, of the State Constitution, which provides that "eight hours shall constitute a legal day's work on all public work."

A Bold Theft.

Special to the JOURNAL.

SAN FRANCISCO, May 29.—Joseph Nolan, Collector in the Hibernal Bank, was entering the Postoffice this afternoon to cash a money order, when a young man stepped up behind him and snatched a bag of money from his shoulder, and ran off. Nolan gave chase, in which officer Jerry Dwyer joined, and after running some blocks the man was caught and taken to the city prison, where he gave the name of John Wallace. He claimed to have come here a short time ago from Edinburgh and to have been without food for three days. The sack stolen by the robber and found in his pocket, contained \$1,140.

Ball Games.

Special to the JOURNAL.

Const.—Stockton 2, Sacramento 10.

Assessing in Storey.

The Virginia Chronicle says the total assessed valuation placed on mining property in Storey county in 1889, was \$632,216. The assessed valuation this year will be the same, and at the rate of tax levied for the current year the revenue from that source will be \$31,610. The above valuation, however, does not represent one-tenth of the original cost of the expensive steam hoist, pumping and mill plants now idle on the lode. The highest valuation placed on any mining plant on the Comstock, is \$69,500, on the ponderous steam hoist and pumping plant at the Union shaft, the original cost of which exceeded \$1,000,000. The assessed valuation placed on the plant of the Savage, Hale & Norcross and Ocholar combination shaft, is \$13,800. The cost of the first hydraulic pump plant set up in that shaft with the engine included was \$750,000.

Wieland's Lager.

Adolf Ball is sole agent for the State of Nevada for the sale of the John Wieland Brewing Company's celebrated, pure and genuine lager beer. His headquarters and bottling house is at Reno. Favorable terms are given the wholesale trade. All orders for general and family use are filled promptly. Customers will find Mr. Ball a reliable and agreeable gentleman to do business with.

Truckee Lodge, No. 14, I. O. O. F.

You are hereby requested to meet at your hall this day at 10 A. M. Reno Lodge No. 19, I. O. O. F. and all visiting brothers are invited to attend for the purpose of taking part in Memorial Day exercises. By order of the Lodge.

P. H. MULCAHY, Secretary.

William Dunphy Ill.

William Dunphy the millionaire cattleman of San Francisco, is lying seriously ill at the Fifth Avenue Hotel, New York. While returning from Europe on the steamer Champagne, he fell and broke three ribs. Pleurisy set in, together with a heavy cold, and he is considered in grave danger.

When Baby was sick,

ROYAL BAKING POWDER.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder

ABSOLUTELY PURE

A Verdict of Acquittal.

Special to the JOURNAL.

SAN FRANCISCO, May 29.—The trial of A. S. Mendez and Manuel Facio, accused of conspiracy against Alexander K. Oney, Mexican Consul, was concluded this morning by the jury rendering a verdict of acquittal. Oney claimed they conspired to have a suit which was brought against him in the U. S. Court commenced by Mrs. A. De La Torre, because he refused to give them money or employment in the Consulate. On the other hand the defense charged that Oney was prosecuting Facio because he had been denouncing the Mexican Government.

NEW TO-DAY.

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine which can truly be said, "One Hundred Doses of a Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's. Peculiar in its medicinal merits, Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered." Peculiar in its "good name at home"—there is now more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadfastly. Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine, Hood's Sarsaparilla. Sold by all druggists. \$1.50 per bottle. Prepared only by C. L. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar.

BREVITIES.

The Truckee still rages.
The Truckee fell several inches yesterday.

Reno strawberries will be in market next week.

The flags should be placed at half-mast to-day.

There is too much ranching and not enough farming around Reno.

There are only three more volumes of Bancroft's History to be delivered.

Members of the Canton should read the notice to Chevaliers in another column.

Mrs. Jackson, of Verdi, fell down a flight of stairs into a cellar on Wednesday, but luckily escaped serious injury.

E. P. Butler, the photographer, has reduced the price of cabinet photographs to \$3 per dozen and other sizes in proportion.

A shipment of bullion valued at \$15,000 was made from the Mount Diablo mine at Candelaria, May 27. The mine is said to be looking very promising.

Among those who returned from Carson last night were C. W. Grever, G. W. Cassidy, John H. Dennis, E. D. Kelley, J. Y. McCurdy, A. D. Griffin, N. A. Hummel.

A Stock Exchange has been organized at Salt Lake City at which the shares of mines within a radius of 300 miles will be dealt in. The new exchange will be formally opened on June 5.

P. J. Dunne came down over the grade yesterday to escort Judge Sullivan to the Comstock. The Judge was billed to deliver a lecture to the Young Men's Institute last night.

The Sierra Valley Leader says this will be a lively summer around Lewis' sawmill, ten miles above Loyalton. One million feet of lumber is to be delivered at Truckee and two million feet at Verdi.

A resident of Downeyville, Nye county, writes the Belmont Courier as follows: For more than a year we have not made or earned a dollar mining, and have to try something else for a living for the present.

All ladies or boys mounted on horseback are requested to report to the Sheriff, at the Court House, to-day at 10 o'clock, to be assigned position in line of the procession and participate in the exercises of the day.

Pionigor has just put in a handsome new soda fountain and marble stand. It is a beauty, and cost several hundred dollars. His stock of syrups is very complete, and those who enjoy a cool drink should give Pionigor a call.

E. A. Morrill & Co., dealers in baled hay, feed of all kinds, straw, flour and general produce, are fully prepared to do that business in a satisfactory manner. The office is in the Opera House building. See card in another column.

Major Gordon, who is on his way to Arizona from Fort Bidwell, is in town. The Major has been given the best post in the Southwest, but it is a great loss to this section to have him go away. If Reno had a post the Major would have given an eye to have located here.

The Con. Cal. & Va. Mining Company has shipped bullion valued at \$69,588 73 on May account. The hanging up of mill stamps on account of the high stage of water in the Carson river, will materially curtail the yield of the mine the current month below the usual average and lessens the probability of the company declaring a June dividend.

THE SILVER CONVENTION.

Free Coinage Demanded and Red Hot Resolutions Adopted.

Pursuant to a call of Hon. Thomas Fitch, Vice President of the National Silver Committee, a Convention assembled at Carson yesterday at 2 o'clock. Nearly every county in the State was represented by an enthusiastic delegation. The Convention was called to order by Hon. Thomas Fitch, who made a brilliant opening address.

E. D. Kelley, of Winnemucca, was elected temporary Chairman and N. A. Hummel, of Wadsworth, temporary Secretary. On motion, the temporary officers were made permanent.

A Committee on Order of Business, Credentials and Resolutions were appointed.

The Committee on Resolutions consisted of two members from each county, and was a very strong one.

The Convention adjourned at 3:30 for one hour.

The Convention reassembled and announced is a summary of the resolutions adopted, as telegraphed by an Associated Press reporter:

The people of Nevada, in convention assembled, do by their delegates request their Senators and Representative in Congress to favor a measure for the opening of the Mints of the United States to the free and unlimited coinage of standard silver dollars, of the present weight and fineness, to be a legal tender for all debts, public and private, and to support no other bill. We can wait for justice rather than submit to any delusive measures.

Another resolution was reported and adopted disclaiming any connection with politics on the part of the Convention other than as it affected the free coinage of silver, and providing for free coinage.

A Central Committee is to be formed with authority to call another Convention if necessary.

THE NEW BAPTIST CHURCH.

The Dedication Exercises Last Sunday.

Of the exercises at the Baptist Church on Sunday last the Free Lance says:

"The new Baptist Church at this place was dedicated last Sabbath. The edifice is said to be the largest and finest of its kind in the State and Mr. Dorsey, the speaker of the occasion, declared he had not seen a finer church in any town of equal size on this coast. The building is certainly very beautiful, commodious and conveniently arranged and it stands as one of the several thousand monuments that every year are erected to testify to the great fact that Christianity is increasing in power in the earth. The town of Reno is the richer not only by the six or seven thousand dollars actually expended on the work but also by the great and beneficial influence of its character upon the moral atmosphere of the place.

"At the morning service the building was filled to overflowing. No formal dedicatory address was delivered but Rev. Mr. Henry opened with appropriate remarks and he was followed by Rev. P. W. Dorsey, of San Francisco. The theme of his address was Christian progress, taken from God's command to the Israelites at the Red Sea to 'go forward.' Christianity naturally ought to progress and, as a matter of fact, is progressing both in doctrine, usefulness and power. The best times the world has ever known are now but even better ones will follow. The noblest, greatest and best men of the world are in the future, not in the past, and the greatest usefulness and power of the Christian churches are in the future, not in the past. The churches are developing thought. It is folly to allow men of preceding centuries to establish rigid creeds for men of this century who have a hundred and one advantages over them for this work. The men who formulated creeds in the fourth to the sixteenth centuries were good men and did good work for their times and conditions, but it is as useless for us to bind ourselves to their creeds except as they are biblical, as it is for us to expect to bind the thought of the thirtieth century to our creeds. The Church of Christ advances none the less in preparing souls for heaven but all the more in developing men physically, intellectually and morally, and thus preparing them the better for heaven on earth.

"At the close of the address the matter of raising the final funds for furnishing the church was presented and at both services something over \$1,200 were pledged, leaving about \$300 yet to be provided for. Especially commendable are the heroic efforts of a few faithful ones who, having contributed largely during the construction of the building, also came forward at these services with large additional subscriptions. The property owners of Reno now ought simply as a matter of justice, to say nothing of philanthropy, to come forward and raise the small deficiency.

"The new Church starts out under favorable auspices and the community generally wishes it a most prosperous and useful career."

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue—Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE OF
Nevada, in and for the County of Washoe,
GARRISON: You are hereby required to appear in
an action commenced against you as defendant by
Ellis M. Payne, as plaintiff in the District Court of
the State of Nevada, in and for the County of
Washoe, and answer the complaint therein within
ten days after the service on you of this summons
(exclusive of the day of service), if served in said
county, or twenty days if served out of said county,
but within said district, and in all other cases
forty days, or judgment by default will be taken
against you according to the prayer of said com-
plaint. The said action is brought to recover
judgment dissolving the bond of matrimony now
existing between you and the plaintiff, and for one
hundred dollars attorney fees and for costs. All
of which will more fully appear from the com-
plaint which is on file in the office of the Clerk of
said court at Reno, in said county, and to which
you are especially referred.
And you are further notified, that if you fail to
appear and answer said complaint, the said plaintiff
will apply to the court for the relief demanded.
In testimony whereof, I Peter West, attorney
for plaintiff, have set my hand this, the 21st day
of April, A. D. 1890.

REPUBLICAN

State Convention.

OFFICE OF
REPUBLICAN STATE CENTRAL COMMITTEE,
VIRGINIA CITY, NEV., May 20, 1890.

At a meeting of the Republican State Central
Committee of Nevada, held this day, it was ordered
that:

Republican State Convention

—BE HELD AT—

VIRGINIA CITY,

—ON—

Thursday, Sept. 4, 1890

At 2 o'clock P. M., for the purpose of nominating
a Fall State Ticket, viz:

Member of Congress,
Governor,
Lieutenant Governor,
Judge of the Supreme Court,
Clerk of the Supreme Court,
Secretary of State,
State Treasurer,
State Printer,
Superintendent of Public Instruction,
Four Judges of the District Court,
Two Members of Board of Regents of
State University.

Also for the appointment of a

State Central Committee.

The basis of representation of the respective
counties in the said Convention shall be one dele-
gate for each 50 votes, and one for each fraction of
25 votes or over cast for the Harrison and Morton
electors, aggregating 140 delegates, apportioned as
follows:

Churchill County..... 2

Douglas..... 15

Elko..... 15

Esmeralda..... 15

Eureka..... 14

Humboldt..... 9

Lander..... 9

Lincoln..... 9

Lyon..... 9

Nye..... 11

Ormsby..... 11

Storey..... 11

Washoe..... 32

White Pine..... 8

Total..... 140

The several Republican County Central Com-
mittees will call a

Primary Election.

—Of the People on—

SATURDAY, AUGUST 16, 1890.

For the purpose of electing delegates to the said
State Convention the Primary Election to be car-
ried out in compliance with the laws of the State
and the instructions of this Committee.

The following test will be required of each and
every voter at the said Primary Elections
"I am a citizen of this State and will support the
nominees of the Republican party."

The following resolutions were unani-
mously adopted:
Resolved, That this committee reaffirms the State
and National Republican platform of 1888, includ-

ing the declaration that "the Republican party is
in favor of the use of both gold and silver as
money" and that it "condemns all efforts to de-
monetize silver."

Resolved, That the persistent neglect of Secretary
Windom to increase the coinage of silver to the
maximum of four million dollars per month,
coupled with his attempt to influence Con-
gressional legislation so as to perpetuate silver demon-
etization, is a shameless violation of the silver
plank of the National Republican platform, an at-
tack upon the rights and interests of the miners,
farmers and workers of the land, and an act of
party perjury that should call for his retirement
from the councils of an Administration which is
pledged to help and not to hinder the redemption
of silver.

Resolved, That the Republican party of this State
is in favor of free and unlimited coinage of both
gold and silver, that it holds to this principle as a
test of party faith and a test of party allegiance,
that it will permit of no abandonment or modifica-
tion of this doctrine, that let whoever will prove
recalcitrant to the principle of bimetallism it will re-
main steadfast thereto, and that it invites all
voters in Nevada who favor the repeal of the in-
equitable Intolerant law of 1875 by which silver
was demonetized, and who desire the establish-
ment of free and unlimited coinage as the law of
the United States of America, to join in electing
delegates to a Republican State Convention.

E. D. HOYLE, Chairman,

THE CALIFORNIA

POWDER WORKS,

230 California Street,

SAN FRANCISCO,

Manufacture and have constantly on hand

SPORTING, MINING,

and BLASTING

POWDER,

A superior quality, fresh from the mills. It is be-
ing constantly renewed and transported into the
interior, is delivered to the consumer within a few
days of the time of its manufacture, and is in
every way

Superior to Any Other Powder

In the market. We have been awarded
successfully

Three Gold Medals!

At the MECHANICS' INSTITUTE and the State
Agricultural Society for the superiority of our
products over all others. We call attention to our

Hercules Powder,

which combines all the force of other strong
explosives now in use, and the lifting force of the
very

BEST BLASTING POWDER,

Thus making it vastly superior to any other com-
pound now in use

Circular containing a full description of this
Powder can be obtained on application at the
office of any of our agents.
